Use this procedure to establish a process for evaluating the use of educational technologies for student learning and/or Cooperative operations, and to facilitate compliance with the Student Online Personal Protection Act (SOPPA), amended by P.A. 101-516.

Definitions (105 ILCS 85/5, amended by P.A. 101-516)

Covered information means personally identifiable information (PII) or information linked to PII in any media or format that is not publicly available and is any of the following: (1) created by or provided to an operator by a student or the student’s parent/guardian in the course of the student’s or parent/guardian’s use of the operator’s site, service or application; (2) created by or provided to an operator by an employee or agent of the Cooperative; or (3) gathered by an operator through the operation of its site, service, or application.

Operators are entities (such as educational technology vendors) that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes.

Breach means the unauthorized acquisition of computerized data that compromises the security, confidentiality or integrity of covered information maintained by an operator or the Cooperative.
